Our Annual campaign: **"Art from the Heart"** will be launching on 30 October 2009 at the Henry Taylor Gallery, Shop G7.2B Cedar Square, Fourways, in collaboration with Child Welfare South Africa. (See map on www.henrytaylorgallery.co.za).

This unique fund raiser will be seeking as many Local and International willing and inspiring Celebrities as possible, to create a piece of artwork using the "GREEN" theme. **You may use any medium** whatsoever **(unleash your creative spirit!!)** using anything, be it paint or pastels, wood or ceramic, glass, plastic, or recycled goods...the sky is the limit for any Green creation! You may also use your God given Talents including music, clothing designing, landscaping or anything your **heart** desires.

If you have your piece of Art ready by the 30th of October, we would be delighted to be able to Display and Auction it at our Launch. The deadline however will be then end of January 2010. These pieces will then be auctioned, throughout the year at various Child Welfare events, culminating in a gala evening in October 2010.

This campaign is already generating enormous publicity, and will be the start of the new “Charity Oscars” for South Africa!

In addition creating your piece of Art, we would like you to make yourself available at our V.I.P. Launch on **30 October 2009** so that we may introduce the Chosen Celebrities to South Africa, both directly and through the Press! We realize that for some of you, it will not be possible to attend the launch, but would still greatly appreciate your Art from the Heart Work.

Should you be willing to donate your time and your special piece of artwork to support this initiative, please fill in the attached application form and email it back to trish@allheart.co.za, so that we can confirm your commitment.
